Hello, my name is Makenzie!

Things about me:

I am a freshman at McHenry County College.

At first I didn't want to go to college but my parents encouraged me to. It's a big adjustment navigating through a new school and new software. But, I am super happy I applied because it's an amazing school and it will be a good experience.

I went to Wauconda High School.

I had a hard time in the beginning of my high School. I stuggled with my social anxiety. However, by junior year and senior year, I made tons of friends and joined so many school activites.

I work at a daycare.

I enjoy working with kids because they are fun. My love for kids started when my younger brother was born and I was around littles. I want to be the best part of a childs day.

Things I enjoy doing:

Listening to music.

I love music so much because it makes me feel refreshed. My therapy is music because no matter how I am feeling I can listen to all kinds of music. Music is so unique because of the creativity that is put into it.

Trying new resturants.

I love eating out because I love trying new foods. Over the years, I have discovered many generes of food that are my favorite. Some of my favorites are Korean, Japanese, and Mexican.

Getting my nails done.

Getting my nails done makes me feel that I am put-together. Without having them done I feel that my nails don't look good. It's something I treat myself to and I can enjoy them for some time.
